The Clerk was instructed to request regular reports for future meetings.

#### **b    Ward Councillors report**

Ward Councillor James updated members on recent Herefordshire Council decisions including:

The declaration of a Climate Emergency.

A backlog of paperwork in the Planning Department due to a high staff turnover.

#### **c    Matters raised by members of the public**

The following matters were raised by a member of the public in attendance:

- A query relating to the process for voting in the referendum on the Neighbourhood Development Plan. It was suggested that it would not be appropriate for partner parishes to vote on the plan. The Mayor explained that all residents within the boundary of the NDP will have a vote on the referendum as required by the Regulations governing the production of a Neighbourhood Development Plan
- A query relating to the proposed acquisition of public open space under a Community Asset Transfer, and
- A query relating to the increased precept for the forthcoming year compared with larger urban towns. It was explained that the raise in the precept was in part due to the withdrawal of Council Tax Support grant by Herefordshire Council and in part due to the increased level of support provided by the Town Council to voluntary groups working within the Town in particular. Comparison with towns outside of rural Herefordshire was felt to be misleading.

- Attending the Symposium for the proposed new University in Hereford: the Mayor has been approached by a researcher for the team and thought that useful contacts could be established. It was agreed that the Mayor reports further to the next meeting.
